

## RIVET SHELVING

### INTRODUCTION

Rivet shelving is one of the most versatile storage methods available and is designed to provide for maximum vertical clearance between shelves.

### SYSTEMS

#### RIVET SHELVING

Rivet Shelving can hold a load capacity of up to 450kgs per level, depending on shelf spacing and beam length and offers unlimited flexibility, providing a custom fit for all your material handling applications.

#### Advantages:

- Cost effective/easy assembly (boltless)
- Wire mesh/timber shelving
- Powder coated finish (charcoal)
- Adjustable shelf levels

Mesh shelves available in 455 and 605 depths only.

RIVET SHELVING		
HEIGHTS (mm)	WIDTHS (mm)	DEPTHS (mm)
1510	910	300
1830	1215	375
2135	1520	455
2440	1825	605
3040	2130	910
